Target Audience: Kindergarten; Primary School; Middle School; High School

## Titan Pay A Nebula App

Delta English School (DES) is proud to introduce **Titan Pay** - an online payment system developed by Delta Education System that allows users to make payments in person and on the web. Titan Pay is supported on any device and operating system.

- Simplified checkout
- One-time name and address entry
- Mail and text billing alerts
- No card information shared with Delta English School
- PCI DSS Level 1 Certification

### Easiest Way to Pay on the Web

When you make purchases on any device or web browser, use Titan Pay without having to create an account or fill out lengthy forms. A one-time simple data capture will securely store your personal information for future checkouts. Paying takes just a few clicks and is quicker, easier, and more secure than ever before.

### Alerts that keep you on Track

You will receive monthly email and text alerts on upcoming and overdue bills. Text alerts may arise from MyFatoora (at least in the early stages), so do not ignore any message from this sender.

### Battle-Tested Reliability

Titan Pay is built from the ground up for redundancy, security, and velocity on industry-leading infrastructure.

### A Safe Way to Pay

When you make a purchase, Titan Pay uses a device-specific number and unique transaction code. So your card number is never stored on your device or on Titan Pay servers, and when you pay, your card numbers are never shared by Titan Pay with Delta English School.

### Keep Your Payments Private

When you pay with a debit or credit card, Titan Pay does not keep transaction information that can be tied back to you. Information is stored only for fraud prevention and regulatory purposes.
